

Transform your hotel operations into a luxurious and distinctive experience

Enjoy the innovation brought by the Velura hotel system to enhance hospitality management.

Exceptional Guest Experience: The Smart Velura Portal

1

Seamless Bookings

A 4-step booking system, supporting Arabic, English, and Turkish, with instant email confirmation and modern email templates in three languages based on browsing language.

2

Flexible Browsing

Browse rooms and services, filter by price, type, and currency, and easily find the right room, with automatic price conversion.

3

Gallery and Images

An engaging visual experience with high-quality images of the hotel and its features, available on all devices.

Multi-Language Email Notifications

Automated booking confirmation emails for guests, sent in the language selected during browsing, with precise reservation details.

Unparalleled Convenience: Services at Your Fingertips

Hotel Services

Interactive cards for the pool, spa, bar, and more to enhance the guest experience.

Story & Accolades

Showcase your hotel's story and awards with a modern, interactive design that captures attention.

Easy Communication

Direct contact form and interactive map to facilitate guest arrival.

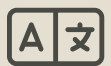

All this with a fast and responsive user interface compatible with all devices and screens.

Comprehensive Control: Velura's Powerful Admin Panel

Secure Access

Two-factor authentication to protect your hotel's data and bookings.

Multi-Language Support

Full support for Arabic, English, and Turkish with accurate translation.

Real-time Graphs

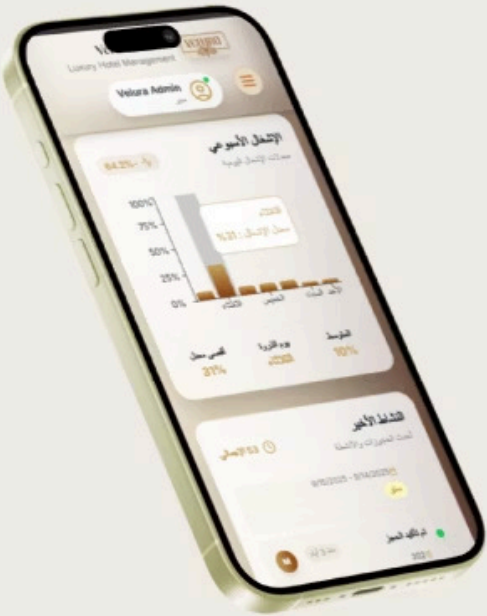

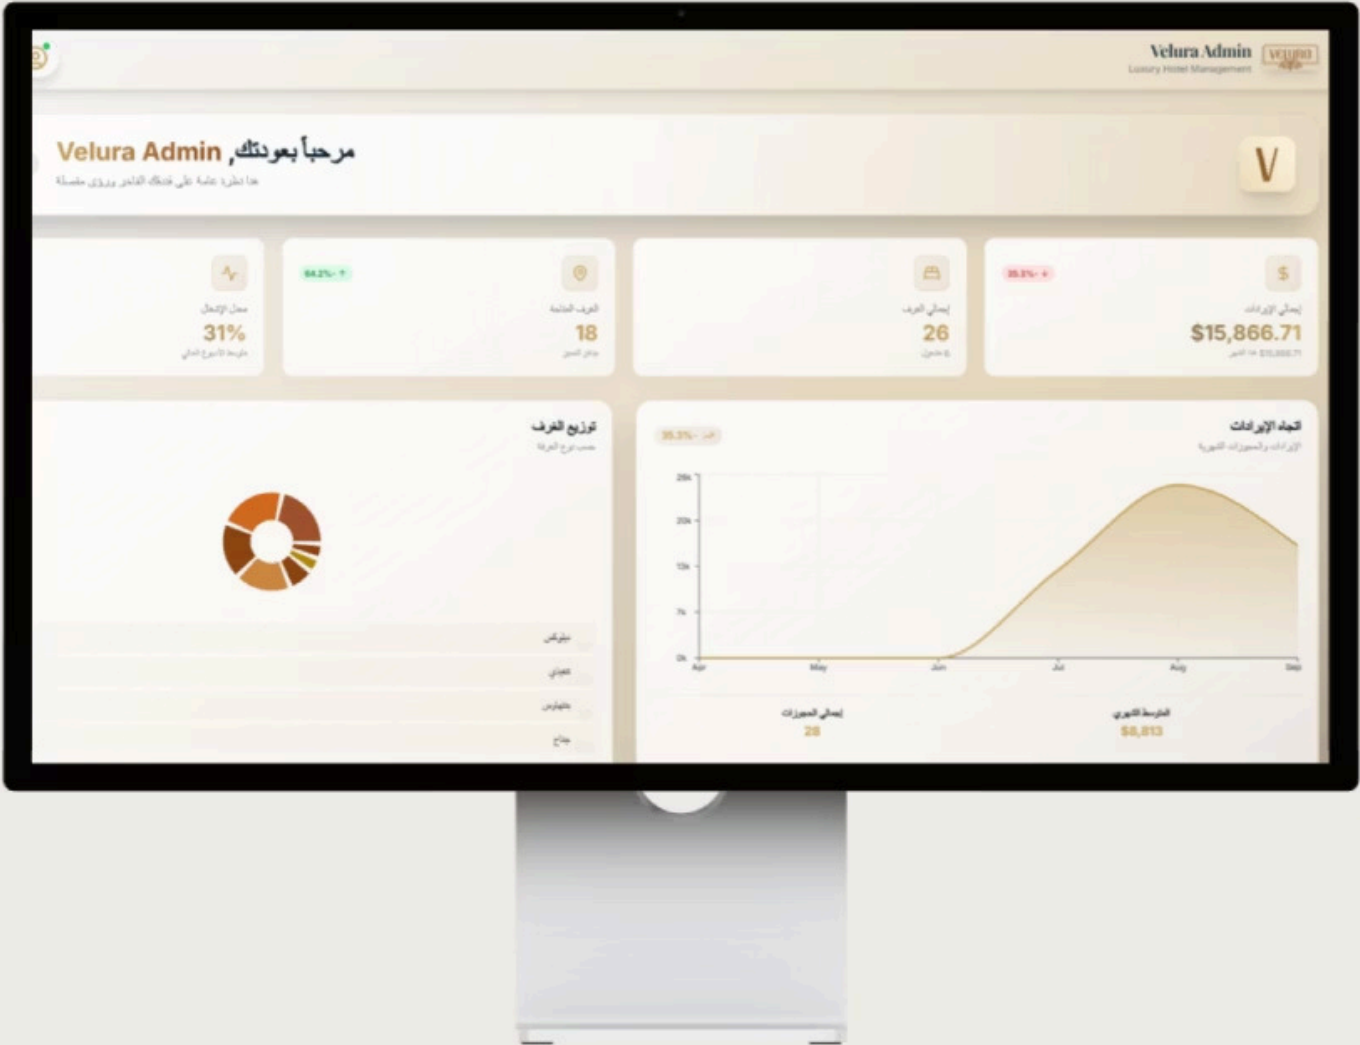

Up-to-date statistics for occupied rooms, monthly, and weekly revenues.

Unlimited Room Addition

You can add an infinite number of rooms for your hotel, complete with all details, photos, prices, and room search functionality.

Admin Dashboard

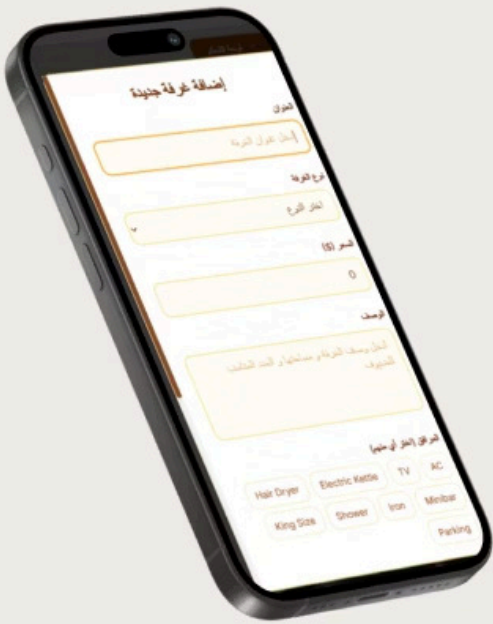

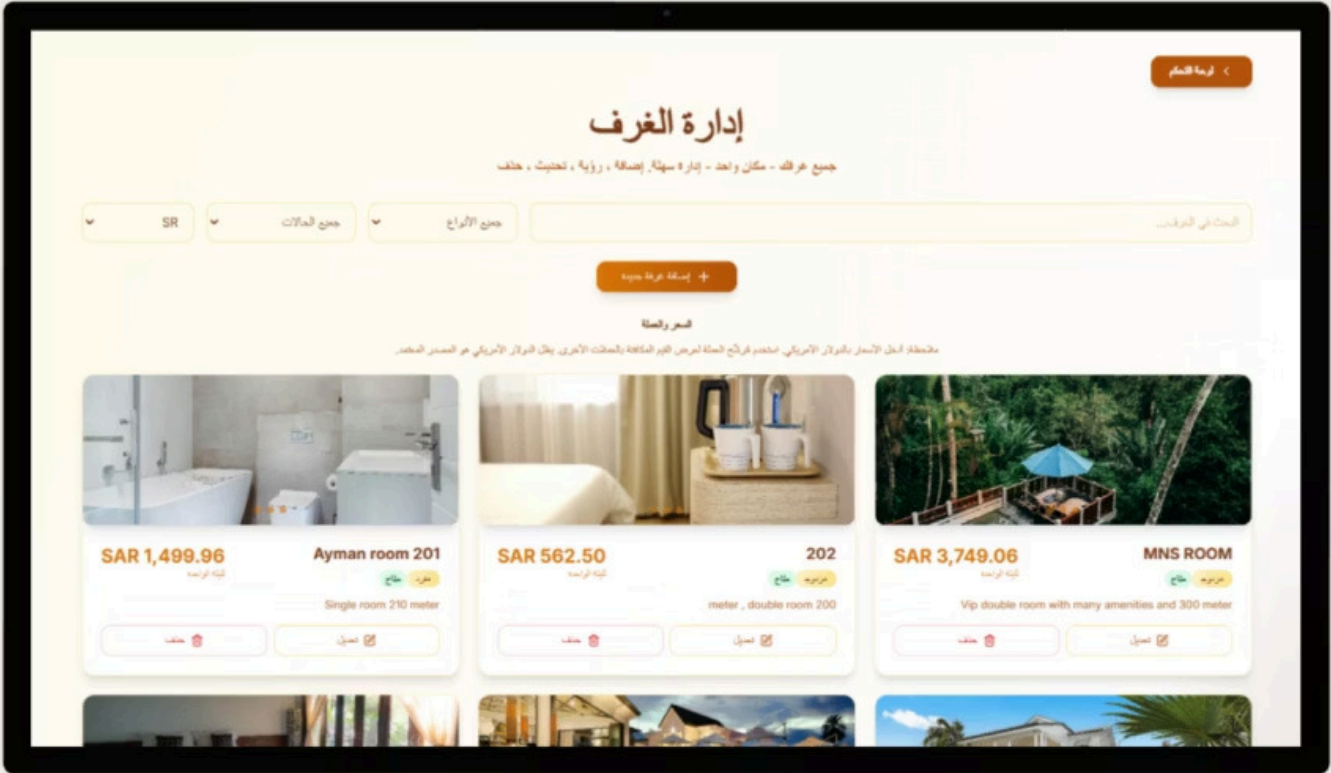

Effortless Room Management from a Single Hub

Seamless and efficient room management with Velura's modern interface, designed to provide you with an unparalleled experience.

- **Integrated and User-Friendly Interface:** Enjoy a modern, responsive design that works seamlessly across all your devices, whether it's your mobile phone or personal computer.
- **Complete Control Over Your Rooms:** Add unlimited rooms, easily modify their details, clearly display their information, and delete them whenever you need to meet the evolving demands of your growing business.
- **Advanced Search and Financial Flexibility:** Search for rooms in all supported currencies, with live and instant exchange rate updates, giving you accuracy and speed in decision-making.

This is just the beginning! Many innovative features await you with Velura to transform your room management experience to a new level of efficiency and convenience.

Room Management

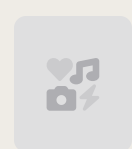

Smart Management, Instant Reports & Invoicing

Smart Notifications

Receive instant alerts for new bookings based on time, status, and client from the homepage.

Flexible Booking Management

Full control over all bookings with high efficiency, including loyalty points for guests, from the administrator page.

Advanced Reports

Instant export of any booking in CSV or PDF format and in the selected language.

Currency Support

Automatic conversion of prices to major currencies (USD, SAR, EUR, TL) in reports.

Advanced Invoices

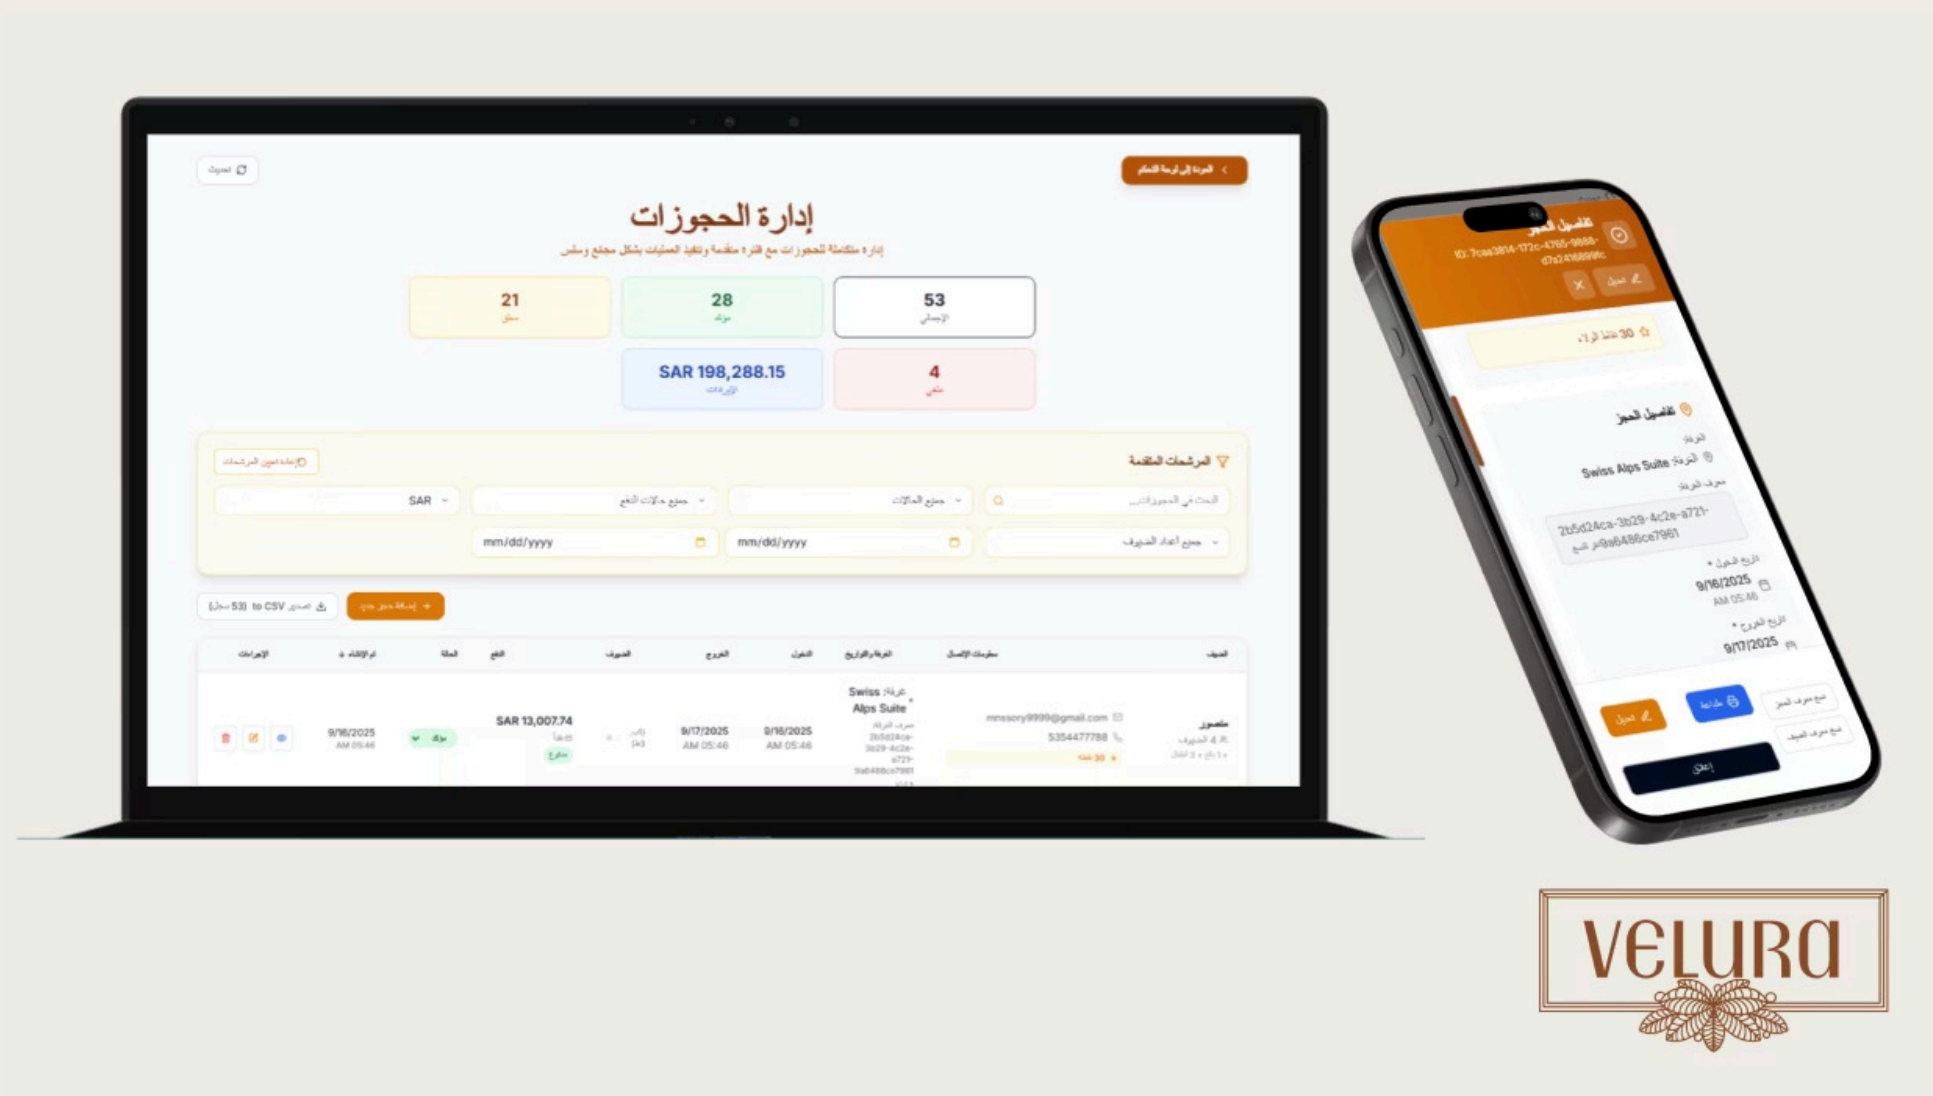

Advanced invoices for any selected booking, in the chosen language and currency, generated instantly.

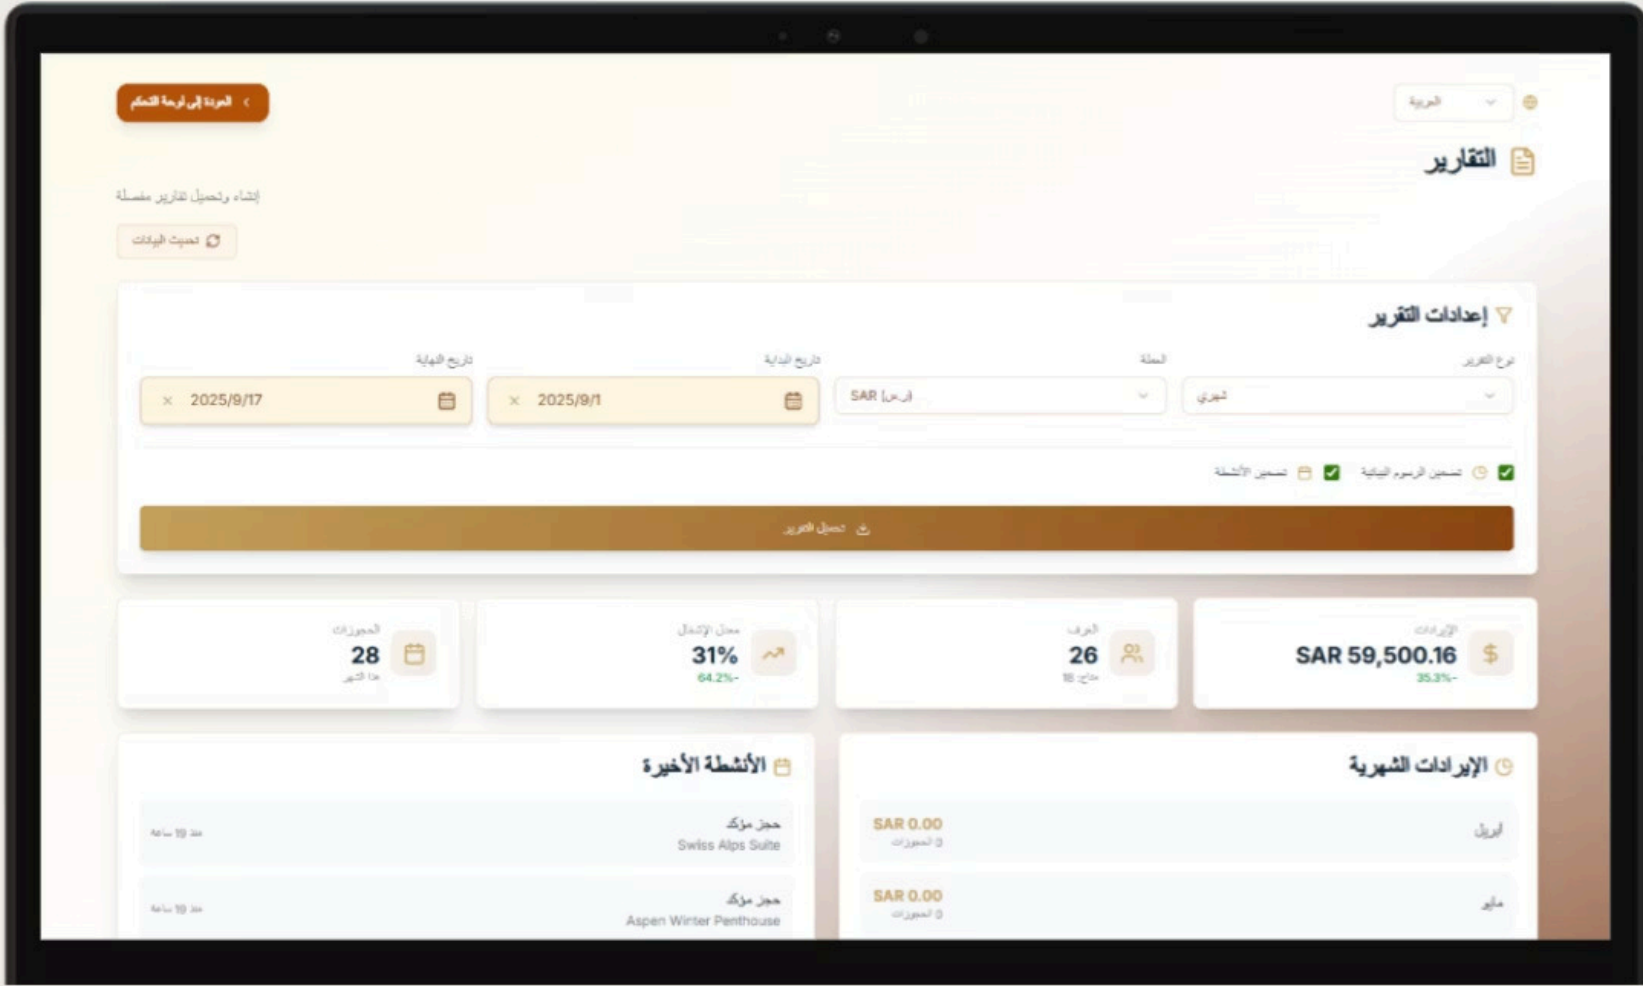

User-Friendly & Integrated Interface

Enjoy a modern, responsive design that works seamlessly across all your devices, whether it's your mobile phone or personal computer.
